## Intern

05.09.2008

---

Berlin-based Coordination is seeking for a design intern:

Our studio undertakes projects in interior, retail, exhibition, furniture and lighting. These projects are always seeking to innovate through materials, technology, typology and form with a strong emphasis on cutting edge aesthetics.

A candidate will have good design and good technical drawing skills. Basic skills with the programs Illustrator, InDesign, Vectorworks or AutoCad, Cinema 4D, and Photoshop are essential. Good research skills are key to this position. English to mother-tongue level is expected. An affinity to China or a chinese background would be appreciated.

With excellent communication skills you will be happy to join our very social and young international team.
